POLK'S NEWTON

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1963

Copyright, 1963, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

The Boston Postal District in which Newton is included has been divided into Numbered Zones. Mail addressed to the Newtons will carry the following Zone numbers, Auburndale No. 66, Chesnut Hill No. 67, Newton No. 58, Newton Centre No. 59, Newton Highlands No. 61, Newton Lower Falls No. 62, Newton Upper Falls No. 64, Newtonville No. 60, Waban No. 68, and West Newton No. 65.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. (The numerals that appear at right edge of columns ahead of street descriptions and some street intersections are merely for the guidance of the publishers and have no other significance.)

(This section includes some listings reading "No Return". In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next a double postal card was mailed and the telephone used when possible.)
